Index to Volume 19

AUTHOR AND SUBJECT INDEX

A

Aaronson, Abe L. (co-author): Use of buccal protease therapy in chronic bronchial asthma, 1415

Abram, Lewis E., and Aaron J. Fine: Evaluation of the repository emulsion treatment of ragweed pollinosis, 505

Air purifying apparatus: Effects of an, on ragweed pollen, mold and bacterial counts (Jay Spiegelman, George I. Blumstein, Herman Friedman), 613

Air: Removal of pollen and fungi from room (Leon Unger), 755

Allergenic extract emulsions: Animal toxicity evaluation of drakeol-arlacel mixtures used for (Norman Molomut, Lawrence W. Smith, and J. George Center), 1010

Allergenic significance: Molds of, in the Puget Sound area (John Colen and Paul P. Van Arsdel, Jr. et al), 1399

Allergens, food: Bio-assay of. I. Statistical examination of daily ranges of the human heart rate as influenced by individually incompatible foods (Alsoph H. Corwin et al), 1300

Allergic and allied disorders: A serotonin antagonist in the treatment of (Jerome Miller and Aaron Fishman), 164

Allergic diathesis: an infectious disease, The? (J. Montgomery Smith), 479

Allergic diseases: Incidence of, in a pediatric practice in Honolulu, Hawaii (W. A. Myers), 1161

Allergic diseases: Molds and bacteria in the etiology of respiratory (Homer E. Prince et al), 259

Allergic disorders: Clinical evaluation of cinnarizine (mitronal®) in various (Benjamin Zolov), 1290

Allergic eczematous contact dermatitis caused by sensitization to glyceryl monostearate (S. Schwartzberg), 402

Allergic reaction: The influence of nasal anatomical abnormalities on the (Kenneth H. Hinderer), 147

Allergic rhinitis and bronchial asthma—treatment with parenteral methylprednisolone acetate (Herbert I. Arbeiter and Robert D. Knapp, Jr.), 633

Allergic tremor (Stanley L. Goldman and Braham J. Geha), 894

Allergy and infection of the respiratory tract; differential diagnosis (Burton M. Rudolph and Jack A. Rudolph), 71

Allergy, mold: Investigation of atopic dermatitis in children with special reference to (Albert Zucker), 1170

Allergy, pollen: Unusual extra-respiratory manifestations of (Albert Rowe, Jr. and Albert H. Rowe), 1004

Allergy to flea bites—clinical and experimental observations (Ben F. Feingold et al), 1275

Amell, A. R. (co-author): The immunologic response of guinea pigs to the introduction of emulsified radioactive antigen, III

Amino acid: Free—content of pollen (Frederick W. Bieberdorf, Arthur L. Gross and Russell Weichlein), 867

Analysis of asthmagrams of 100 consecutive cases of chronic asthma: The asthmagram (Oscar Swineford, Jr., et al), 1265

Animal toxicity evaluation of drakeol-arlacel mixtures used for allergenic extract emulsions (Norman Molomut, Lawrence W. Smith and J. George Center), 1010

Angioedema: Symptomatic benefit from homochlorcyclizine in urticaria and (George H. Berryman and Gilbert Lanoff), 884

Annual injection: Ragweed pollinosis—a definitive study of 1,501 patients treated by means of one, of emulsified pollen extract (XIII) (Ethan Allan Brown), 637

Anti-allergy compound: Appraisal of a new (Milton A. St. John et al), 157

Antigen complexes (Hoffmann), Bacterial—An evaluation of skin test specificity versus patient reaction (S. William Simon and Lila A. Rinard), 877

Antigen: The immunologic response of guinea pigs to the introduction of emulsified radioactive, III (A. R. Amell et al), 67

Antihistamine: Clinical use of a new, and antiserotonin drug: cyproheptadine (T. Bodi et al), 386

Antihistamine: Pyroxamine; a clinical study of a new (J. Warrick Thomas), 760

Antiserotonin drug: Clinical use of a new antihistamine and: cyproheptadine (T. Bodi et al), 386

Appraisal of a new anti-allergy compound (Milton St. John et al), 157

Arbeiter, Herbert I. and Knapp, Robert D., Jr.: Allergic rhinitis and bronchial asthma—treatment with parenteral methylprednisolone acetate, 633

Aronoff, Solomon: Treatment of hay fever with emulsified pollen extracts, 268

Asthma, chronic: The asthmagram—Analysis of asthmagrams of 100 consecutive cases of (Oscar Swineford, Jr., et al), 1265

Asthma in patients whose symptoms began before six years of age (Claude A. Frazier), 1146

Asthma: Mucolytic therapy in (I. A. Fond), 625

Asthma: Treatment of, in children with isoproterenol sulfate suppositories (Martin Green and Joseph Pittelli), 629

Asthmagram, The—Analysis of asthmagrams of 100 consecutive cases of chronic asthma (Oscar Swineford, Jr. et al), 1265

Asthmatic child: Effect of the mother on goal setting behavior of the (Robert P. Morris), 44

Atopic dermatitis: Investigation of, in children with special reference to mold allergy (Albert Zucker), 1170

B

Bacteria: Molds and, in the etiology of respiratory allergic diseases (Homer E. Prince et al), 259

Bacterial antigen complexes (Hoffmann)—An evaluation of skin test specificity versus patient reactions (S. William Simon and Lila A. Rinard), 877

Bacterial counts: Effects of an air purifying apparatus on ragweed pollen, mold and (Jay Spiegelman, George I. Blumstein, Herman Friedman), 613

Bartlett, Lester L. (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Bartolomei, Rene (co-author): Comparative effectiveness of betamethasone and prednisone in chronic bronchial asthma, 1312

Benjamini, E. (co-author): Allergy to flea bites—Clinical and experimental observations, 1275

Bergman, Lester V., and Silson, John E.: Particle size produced by various instruments for inhalation therapy, 735

Berman, Bernard A.: Treatment by means of emulsified extracts of severe bronchial asthma in children, 619

Berryman, George H., and Lanoff, Gilbert: Symptomatic benefit from homochlorcyclizine in urticaria and angioedema, 884

Betamethasone: Comparative effectiveness of, and prednisone in chronic bronchial asthma (Donald L. Unger and Rene Bartolomei), 1312

Bieberdorf, Frederick W., Gross, Arthur L., and Weichlein, Russell: Free amino acid content of pollen, 867

Bio-assay of food allergens. I. Statistical examination of daily ranges of the human heart rate as influenced by individually incompatible foods (Alsoph H. Corwin et al), 1300

Blumenthal, David L., and Kraft, Bennett: The psychophysiologic approach in the management of the allergic patient (basic briefs), 897

Blumstein, George I., Spiegelman, Jay, and Friedman, Herman: Effects of an air purifying apparatus on ragweed pollen, mold and bacterial counts, 613

Blumstein, George, Friedman, Herman, Spiegelman, Jay, Gershenfeld, Marvin, and Fishman, Aaron: Serological evaluation of immune responses to repository injection of ragweed emulsion, 991

Bodi, T.: Clinical use of a new antihistamine and antiserotonin drug: cyproheptadine, 386

Bowman, J. R. (co-author): Further observations on the etiology of infantile cortical hyperostosis, 1154

Brock, Thelma: Résumé of insect allergy, 288

Bronchial asthma: Allergic rhinitis and,—treatment with parenteral methylprednisolone acetate (Herbert I. Arbeiter and Robert D. Knapp, Jr.), 633

Bronchial asthma: Comparative effectiveness of betamethasone and prednisone in chronic (Donald L. Unger and Rene Bartolomei), 1312

Bronchial asthma due to the organic phosphate insecticides (A. Weiner), 397

Bronchial asthma: Pneumomediastinum and subcutaneous emphysema complicating, in children (John P. McGovern et al), 1139

Bronchial asthma: Reduction of maintenance doses of prednisolone in, by the concurrent use of hydroxyzine (Milton M. Hartman), 55

Bronchial asthma: Treatment by means of emulsified extracts of severe, in children (Bernard A. Berman), 619

Bronchial asthma: The use of a synthetic bronchodilating agent (isoproterenol sulfate) in the treatment of bronchial asthma in children (Roland B. Scott), 253

Bronchial asthma: Use of buccal protease therapy in chronic (Donald B. Frankel et al), 1415

Bronchodilating agent: The use of a synthetic (isoproterenol sulfate), in the treatment of bronchial asthma in children (Roland B. Scott et al), 253

Bronkotabs: Clinical evaluation of—A new antihistaminic drug combination (William H. Lipman), 1295

Brown, E. A. (co-author): The immunologic response of guinea pigs to the introduction of emulsified radioactive antigen, III., 67

Brown, Ethan Allan: Ragweed pollinosis—a definitive study of 1501 patients treated by means of one annual injection of emulsified pollen extract (XIII), 637

Brown, E. A., Metcalf, T. G., and Slanetz, L. W.: Visualization of the fate of injection of water-in-oil emulsions by means of radiopaque media, II, 1016

Brown, E. B. (co-author): Clinical use of a new antihistamine and antiserotonin drug: cyproheptadine, 386

Buccal protease: Use of, therapy in chronic bronchial asthma (Donald B. Frankel et al), 1415

C

Center, J. George, Molomut, Norman, and Smith, Lawrence W.: Animal toxicity evaluation of drakeol-arlacel mixtures used for allergenic extract emulsions, 1010

Children, allergic: Hearing disturbances in (Victor L. Szanton and Willette C. Szanton), 1177

Children: Pre-emphysema in—its recognition and treatment (Roy F. Goddard), 1125

Children: Treatment by means of emulsified extracts of severe bronchial asthma in (Bernard A. Berman), 619

Children: Treatment of asthma in, with isoproterenol sulfate suppositories (Martin Green and Joseph Pittelli), 629

Cinnarizine (mitronal®): Clinical evaluation of, in various allergic disorders (Benjamin Zolov), 1290

Clark, Bettie G. (co-author): The use of a synthetic bronchodilating agent (isoproterenol sulfate) in the treatment of bronchial asthma in children, 253

Climate: Relation of, to respiratory allergy (David Ordman), 29
Clinical aspects and types of drug-induced photosensitivity (John M. Knox), 749
Clinical evaluation of bronkotabs—A new anti-asthmatic drug combination (William H. Lipman), 1295
Clinical evaluation of cinnarizine (mitronal®) in various allergic disorders (Benjamin Zolov), 1290
Clinical use of a new antihistamine and antiserotonin drug: cyproheptadine (T. Bodi et al), 386
Coleman, W. P. (co-author): The asthmagram—Analysis of asthmagrams of 100 consecutive cases of chronic asthma, 1265
Colen, John (co-author): Molds of allergenic significance in the Puget Sound area, 1399
Comparative effectiveness of betamethasone and prednisone in chronic bronchial asthma (Donald L. Unger and Rene Bartolomei), 1312
Comparison of higher dosage levels used in the co-seasonal treatment of pollinosis (Bernard M. Zussman), 280
Correlation between skin and respiratory mucous membrane tests with molds in allergic rhinitis (Salmon R. Halpern, James Holman and Charles Whittaker), 1407
Cortical hyperostosis: Further observations on the etiology of infantile (J. R. Bowman et al), 1154
Corwin, Alsoph H. (co-author): Bio-assay of food allergens. I. Statistical examination of daily ranges of the human heart rate as influenced by individually incompatible foods, 1300
Co-seasonal treatment: Comparison of higher dosage levels used in the, of pollinosis, 280
Curry, J. C. (co-author): The asthmagram—Analysis of asthmagrams of 100 consecutive cases of chronic asthma, 1265
Cyproheptadine: Clinical use of a new antihistamine and antiserotonin drug (T. Bodi et al), 386

D

Dermatitis, atopic: Investigation of, in children with special reference to mold allergy (Albert Zucker), 1170
Dermatitis, Contact: Allergic eczematous, caused by sensitization to glyceryl monostearate (S. Schwartzberg), 402
Diathesis, The allergic: an infectious disease? (J. Montgomery Smith), 479
Dosage levels: Comparison of [illegible]gher, used in the treatment of pollinosis (Bernard Zussman), 280
Drakeol-arlacel mixtures: Animal toxicity evaluation of, used for allergenic extract emulsions (Norman Molomut, Lawrence W. Smith and J. George Center), 1010
Drug-induced photosensitivity: Clinical aspects and types of (John M. Knox), 749
Dukes-Dobos, Francis N. (co-author): Bio-assay of food allergens. I. Statistical examination of daily ranges of the human heart rate as influenced by individually incompatible foods, 1300
Dust extracts, Studies with (Homer E. Prince et al), 1389

E

Effect of the mother on goal setting behavior of the asthmatic child (Robert P. Morris), 44
Effects of an air purifying apparatus on ragweed pollen, mold and bacterial counts (Jay Spiegelman, George I. Blumstein, and Herman Friedman), 613

Ehrlich, Norman J. (co-author): Use of buccal protease therapy in chronic bronchial asthma, 1415

Eisenberg, Ben C. (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Emphysema: Pneumomediastinum and subcutaneous, complicating bronchial asthma in children (John P. McGovern et al), 1139

Emulsified extracts: Treatment by means of, of severe bronchial asthma in children (Bernard A. Berman), 619

Emulsified pollen extract: Ragweed pollinosis—a definitive study of 1501 patients treated by means of one annual injection of (XIII), (Ethan Allan Brown), 637

Emulsified pollen extracts: Treatment of hay fever with (Solomon Aronoff), 268

Emulsified radioactive antigen, III: The immunologic response of guinea pigs to the introduction of (A. R. Amell et al), 67

Etiology: Further observations on the, of infantile cortical hyperostosis (J. R. Bowman et al), 1154

Etter, Richard L. (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Evaluation of the repository emulsion treatment of ragweed pollinosis (Aaron J. Fine and Lewis E. Abram), 505

Expectorant Therapy: Mucolytic, with an iodinated glyceryl ether (A. Seltzer), 381

Extra-respiratory manifestations: Unusual, of pollen allergy (Albert Rowe, Jr., and Albert H. Rowe), 1004

Extract: Ragweed pollinosis—a definitive study of 1501 patients treated by means of one annual injection of emulsified pollen (XIII), (Ethan Allan Brown), 637

Extracts: Studies with dust (Homer E. Prince et al), 1389

F

Fate of injections: Visualization of the, of water-in-oil emulsions by means of radiopaque media. II (E. A. Brown, T. G. Metcalf, and L. W. Slanetz), 1016

Feingold, Ben F. (co-author): Allergy to flea bites—Clinical and experimental observations, 1275

Fine, Aaron J., and Abram, Lewis E.: Evaluation of the repository emulsion treatment of ragweed pollinosis, 505

Fishman, Aaron, and Miller, Jerome: A serotonin antagonist in the treatment of allergic and allied disorders, 164

Fishman, Aaron, Friedman, Herman, Spiegelman, Jay, Blumstein, George, and Gershenfeld, Marvin: Serological evaluation of immune responses to repository injection of ragweed emulsion, 991

Flea bites, Allergy to—Clinical and experimental observations (Ben F. Feingold et al), 1275

Fond, I. A.: Mucolytic therapy in asthma, 625

Food allergens: Bio-assay of. I. Statistical examination of daily ranges of the human heart rate as influenced by individually incompatible foods (Alsoph H. Corwin et al), 1300

Frankel, Donald B. (co-author): Use of buccal protease therapy in chronic bronchial asthma, 1415

Frayser, Lois (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Frazier, Claude A.: Asthma in patients whose symptoms began before six years of age, 1146

Free amino acid content of pollen (Frederick W. Bieberdorf, Arthur L. Gross and Russell Weichlein), 867

Friedman, Herman, Spiegelman, Jay, and Blumstein, George I: Effects of an air purifying apparatus on ragweed pollen, mold and bacterial counts, 613

Friedman, Herman, Spiegelman, Jay, Blumstein, George, Gershenfeld, Marvin, and Fishman, Aaron: Serological evaluation of immune responses to repository injection of ragweed emulsion, 991

Fungi: Removal of pollen and, from room air (Leon Unger), 755
Further observations on the etiology of infantile cortical hyperostosis (J. R. Bowman et al), 1154

G

Gaynes, Harvey E. (co-author): Appraisal of a new anti-allergy compound, 157
Geha, Braham J., and Goldman, Stanley L.: Allergic tremor, 894
Gershenfeld, M. A. (co-author): Clinical use of a new antihistamine and anti-serotonin drug: cyproheptadine, 386
Gersheneld, Marvin, Friedman, Herman, Blumstein, George, Spiegelman, Jay, and Fishman, Aaron: Serological evaluation of immune responses to repository injection of ragweed emulsion, 991
Glyceryl monostearate: Allergic eczematous contact dermatitis caused by sensitization to (S. Schwartzberg), 402
Goal setting behavior: Effect of the mother on, of the asthmatic child (Robert P. Morris), 44
Goddard, Roy F.: Pre-emphysema in children—its recognition and treatment, 1125
Goldman, Stanley L., and Geha, Braham J.: Allergic tremor, 894
Grater, William C.: Patch testing (basic briefs), 766
Green, Martin, and Pittelli, Joseph: Treatment of asthma in children with isoproterenol sulfate suppositories, 629
Gross, Arthur L., Bieberdorf, Frederick W., and Weichlein, Russell: Free amino acid content of pollen, 867

H

Halpern, Salmon R. (co-author): The correlation between skin and respiratory mucous membrane tests with molds in allergic rhinitis, 1407
Halpin, L. J. (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259
Hamburger, Maravene (co-author): Bio-assay of food allergens. I. Statistical examination of daily ranges of the human heart rate as influenced by individually incompatible foods, 1300
Harris, M. Coleman: Prophylactic treatment of migraine headache and histamine cephalalgia with a serotonin antagonist (methysergide), 500
Hartman, Milton M.: Reduction of maintenance doses of prednisolone in bronchial asthma by the concurrent use of hydroxyzine, 55
Hay fever: Treatment of, with emulsified pollen extracts (Solomon Aronoff), 268
Hearing disturbances in allergic children (Victor L. Szanton and Willette C. Szanton), 1177
Hensel, Albert E., Jr. (co-author): Pneumomediastinum and subcutaneous bronchial asthma in children, 1139
Hiatt, Howard H. (co-author): The use of a synthetic bronchodilating agent (isoproterenol sulfate) in the treatment of bronchial asthma in children, 253
Hinderer, Kenneth H.: The influence of nasal anatomical abnormalities on the allergic reaction, 147
Histamine cephalalgia: Prophylactic treatment of migraine headache and, with a seratonin antagonist (methysergide) (M. Colman Harris), 500
Holman, James (co-author): The correlation between skin and respiratory mucous membrane tests with molds in allergic rhinitis, 1407
Homochlorcyclizine: Symptomatic benefit from, in urticaria and angioedema (George H. Berryman and Gilbert Lanoff), 884
Hydroxyzine: Reduction of maintenance doses of prednisolone in bronchial asthma by the concurrent use of (Milton M. Hartman), 55

Hypersensitivity: The scope and challenge of the field of (Giles A. Koelsche), 511
Hyposensitization: Light sensitivity treated by (Kenneth J. Johnson), 891

I

Immune responses: Serological evaluation of, to repository injection of ragweed emulsion (Herman Friedman, Jay Spiegelman, George Blumstein, Marvin Gershenfeld and Aaron Fishman), 991
Immunologic response of guinea pigs to the introduction of emulsified radioactive antigen, III, The (A. R. Amell et al), 67
Incidence of allergic diseases in a pediatric practice in Honolulu, Hawaii (W. A. Myers), 1161
Infantile cortical hyperostosis: Further observations on the etiology of (J. R. Bowman et al), 1154
Influence of nasal anatomical abnormalities on the allergic reaction, The (Kenneth H. Hinderer), 147
Inhalation therapy: Particle size produced by various instruments for (Lester V. Bergman and John E. Silson), 735
Injections: Visualization of the fate of, of water-in-oil emulsions by means of radiopaque media. II (E. A. Brown, T. G. Metcalf and L. W. Slanetz), 1016
Insect allergy: Résumé of (Thelma Brock), 288
Insecticides, Organic phosphate: Bronchial asthma due to the (A. Weiner), 397
Investigation of atopic dermatitis in children with special reference to mold allergy (Albert Zucker), 1170
Iodinated glyceryl ether: Mucolytic expectorant therapy with an (A. Seltzer), 381
Isoproterenol sulfate suppositories: Treatment of asthma in children with (Martin Green and Joseph Pittelli), 629
Isoproterenol sulfate: The use of a synthetic bronchodilating agent, in the treatment of bronchial asthma in children (Roland B. Scott et al), 253

J

Johnson, Kenneth J.: Light sensitivity treated by hyposensitization, 891
Johnston, Thomas G. (co-author): Pneumomediastinum and subcutaneous emphysema complicating bronchial asthma in children, 1139

K

Knapp, Robert D., Jr., and Arbeiter, Herbert I.: Allergic rhinitis and bronchial asthma—treatment with parenteral methylprednisolone acetate, 633
Knox, John M.: Clinical aspects and types of drug-induced photosensitivity, 749
Koelsche, Giles A.: The scope and challenge of the field of hypersensitivity, 511

Pearsall, H. R. (co-author): The asthmagram—Analysis of asthmagrams of 100 consecutive cases of chronic asthma, 1265

Pediatric practice: Incidence of allergic diseases in a, in Honolulu, Hawaii (W. A. Myers), 1161

Photosensitivity: Clinical aspects and types of drug-induced (John M. Knox), 749

Piston, Robert E. (co-author): Further observations on the etiology of infantile cortical hyperostosis, 1154

Pittelli, Joseph, and Green, Martin: Treatment of asthma in children with isoproterenol sulfate suppositories, 629

Pneumomediastinum and subcutaneous emphysema complicating bronchial asthma in children (John P. McGovern et al), 1139

Pollen allergy: Unusual extra-respiratory manifestations of (Albert Rowe, Jr. and Albert H. Rowe), 1004

Pollen extracts: Treatment of hay fever with emulsified (Solomon Aronoff), 268

Pollen: Free amino acid content of (Frederick W. Bieberdorf, Arthur L. Gross and Russell Weichlein), 867

Pollen: Removal of, and fungi from room air (Leon Unger), 755

Pollinosis: Comparison of higher dosage levels used in the co-seasonal treatment of (Bernard M. Zussman), 280

Pollinosis: Ragweed, —a definitive study of 1501 patients treated by means of one annual injection of emulsified pollen extract (XIII) (Ethan Allan Brown), 637

Prednisolone: Reduction of maintenance doses of, in bronchial asthma by the concurrent use of hydroxyzine (Milton M. Hartman), 55

Prednisone: Comparative effectiveness of betamethasone and, in chronic bronchial asthma (Donald L. Unger and Rene Bartolomei), 1312

Pre-emphysema in children—its recognition and treatment (Roy F. Goddard), 1125

Preliminary program, The American College of Allergists, 179

Prince, Homer E. (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Prince, Homer E. (co-author): Studies with dust extracts, 1389

Prophylactic treatment of migraine headache and histamine cephalalgia with a serotonin antagonist (methysergide) (M. Coleman Harris), 500

Puget Sound area: Molds of allergenic significance in the (John Colen and Paul P. Van Arsdel, Jr. et al), 1399

Pyroxamine: A clinical study of a new antihistamine (J. Warrick Thomas), 760

R

Radioactive antigen: The immunologic response of guinea pigs to the introduction of emulsified, III (A. R. Amell et al), 67

Radiopaque media: Visualization of the fate of injections of water-in-oil emulsions by means of, II. (E. A. Brown, T. G. Metcalf and L. W. Slanetz), 1016

Ragweed emulsion: Serological evaluation of immune responses to repository injection of (Herman Friedman, Jay Spiegelman, George Blumstein, Marvin Gershenfeld and Aaron Fishman), 991

Ragweed pollen: Effects of an air purifying apparatus on, mold and bacterial counts (Jay Spiegelman, George I. Blumstein, and Herman Friedman), 613

Ragweed pollinosis—a definitive study of 1501 patients treated by means of one annual injection of emulsified pollen extract (XIII) (Ethan Allan Brown), 637

Ragweed pollinosis: Evaluation of the repository emulsion treatment of (Aaron J. Fine and Lewis E. Abram), 505

Raymer, Warren J. (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Reaction, patient: Bacterial antigen complexes (Hoffmann)—An evaluation of skin test specificity versus (S. William Simon and Lila A. Rinard), 877

Reduction of maintenance doses of prednisolone in bronchial asthma by the concurrent use of hydroxyzine (Milton M. Hartman), 55

Relation of climate to respiratory allergy (David Ordman), 29

Removal of pollen and fungi from room air (Leon Unger), 755

Repository emulsion treatment: Evaluation of the, of ragweed pollinosis (Aaron J. Fine and Lewis E. Abram), 505

Repository injection: Serological evaluation of immune responses to, of ragweed emulsion (Herman Friedman, Jay Spiegelman, George Blumstein, Marvin Gershenfeld and Aaron Fishman), 991

Respiratory allergic diseases: Molds and bacteria in the etiology of (Homer E. Prince et al), 259

Respiratory allergy: Relation of climate to (David Ordman), 29

Respiratory mucous membrane: The correlation between skin and, tests with molds in allergic rhinitis (Salmon R. Halpern, James Holman and Charles Whittaker), 1407

Respiratory tract: Allergy and infection of, differential diagnosis (Burton M. Rudolph and Jack A. Rudolph), 71

Résumé of insect allergy (Thelma Brock), 288

Rhinitis: Allergic, and bronchial asthma—treatment with parenteral methylprednisolone acetate (Herbert I. Arbeiter and Robert D. Knapp, Jr.), 633

Rhinitis, allergic: The correlation between skin and respiratory mucous membrane tests with (Salmon R. Halpern, James Holman and Charles Whittaker), 1407

Rinard, Lila A., and Simon, S. William: Bacterial antigen complexes (Hoffmann)—An evaluation of skin test specificity versus patient reaction, 877

Rowe, Albert, Jr., and Rowe, Albert H.: Unusual extra-respiratory manifestations of pollen allergy, 1004

Rowe, Albert H., and Rowe, Albert, Jr.: Unusual extra-respiratory manifestations of pollen allergy, 1004

Rudolph, Burton M., and Rudolph, Jack A.: Allergy and infection of the respiratory tract, differential diagnosis, 71

S

Scope and challenge of the field of hypersensitivity, The (Giles A. Koelsche), 511

Scott, Roland B. (co-author): The use of a synthetic bronchodilating agent (isoproterenol sulfate), in the treatment of bronchial asthma in children, 253

Seltzer, A.: Mucolytic expectorant therapy with an iodinated glyceryl ether, 381

Sensitivity: Light, treated by hyposensitization (Kenneth J. Johnson), 891

Serological evaluation of immune responses to repository injection of ragweed emulsion (Herman Friedman, Jay Spiegelman, George Blumstein, Marvin Gershenfeld and Aaron Fishman), 991

Serotonin antagonist (methysergide): Prophylactic treatment of migraine headache and histamine cephalalgia with a (M. Coleman Harris), 500

Serotonin antagonists in the treatment of allergic and allied disorders, A (Jerome Miller and Aaron Fishman), 164

Shure, Norman (co-author): Appraisal of a new anti-allergy compound, 157

Siegler, P. E. (co-author): Clinical use of a new antihistamine and antiserotonin drug: cyproheptadine, 386

Silson, John E., and Bergman, Lester V.: Particle size produced by various instruments for inhalation therapy, 735

Simon, S. William, and Rinard, Lila A.: Bacterial antigen complexes (Hoffmann)—An evaluation of skin test specificity versus patient reaction, 877

Singleton, Edward B. (co-author): Pneumomediastinum and subcutaneous emphysema complicating bronchial asthma in children, 1139

Skin test specificity: Bacterial antigen complexes (Hoffmann)—An evaluation of, versus patient reaction (S. William Simon and Lila A. Rinard), 877

Skin: The correlation between, and respiratory mucous membrane tests with molds in allergic rhinitis (Salmon R. Halpern, James Holman and Charles Whittaker), 1407

Slanetz, L. W. (co-author): The immunologic response of guinea pigs to the introduction of emulsified radioactive antigen, III, 67

Slanetz, L. W., Brown, E. A., and Metcalf, T. G.: Visualization of the fate of injections of water-in-oil emulsions by means of radiopaque media, II, 1016

Smith, J. Montgomery: The allergic diathesis, an infectious disease? 479

Smith, Lawrence W., Molomut, Norman and Center, J. George: Animal toxicity evaluation of drakeol-arlacel mixtures used for allergenic extract emulsions, 1010

Spiegelman, Jay, Blumstein, George I., and Friedman, Herman: Effects of an air purifying apparatus on ragweed pollen mold and bacterial counts, 613

Spiegelman, Jay, Friedman, Herman, Blumstein, George, Gershenfeld, Marvin, and Fishman, Aaron: Serological evaluation of immune responses to repository injection of ragweed emulsion, 991

St. John, Milton A. (co-author): Appraisal of a new anti-allergy compound, 157

Schwartzberg, S.: Allergic eczematous contact dermatitis caused by sensitization to glyceryl monostearate, 402

Suppositories: Treatment of asthma in children with isoproterenol sulfate, (Martin Green and Joseph Pittelli), 629

Studies with dust extracts (Homer E. Prince et al), 1389

Swineford, Oscar, Jr. (co-author): The asthmagram—Analysis of asthmagrams of 100 consecutive cases of chronic asthma, 1265

Symptomatic benefit from homochlorcyclizine in urticaria and angioedema (George H. Berryman and Gilbert Lanoff), 884

Synthetic bronchodilating agent: The use of, (isoproterenol sulfate) in the treatment of bronchial asthma (Roland B. Scott et al), 253

Szanton, Victor L. and Szanton, Willette C.: Hearing disturbances in allergic children, 1177

T

Talbott, Grace (co-author): Molds and bacteria in the etiology of respiratory allergic diseases, 259

Therapy: Mucolytic, in asthma (I. A. Fond), 625

Therapy: Use of buccal protease, in chronic bronchial asthma (Donald B. Frankel et al), 1415

Thomas, J. Warrick: Pyroxamine: a clinical study of a new antihistamine, 760

Treatment: Allergic rhinitis and bronchial asthma—with parenteral methylprednisolone acetate (Herbert I. Arbeiter and Robert D. Knapp, Jr.), 633

Treatment of asthma in children with isoproterenol sulfate suppositories (Martin Green and Joseph Pittelli), 629

Treatment by means of emulsified extracts of severe bronchial asthma in children (Bernard A. Berman), 619

Treatment of hay fever with emulsified pollen extracts (Solomon Aronoff), 268

Tremor: Allergic (Stanley L. Goldman and Braham J. Geha), 894

U

Unger, Donald L. (co-author): Comparative effectiveness of betamethasone and prednisone in chronic bronchial asthma, 1312

Unger, Leon and Meyers, S.: Removal of pollen and fungi from room air, 755

Unusual extra-respiratory manifestations of pollen allergy (Albert Rowe, Jr., and Albert H. Rowe), 1004

Urticaria: Symptomatic benefit from homochlorcyclizine in, and angioedema (George H. Berryman and Gilbert Lanoff), 884

Use of a synthetic bronchodilating agent (isoproterenol sulfate) in the treatment of bronchial asthma in children, The (Roland B. Scott et al), 253

Use of buccal protease therapy in chronic bronchial asthma (Donald B. Frankel et al), 1415

V

Van Arsdel, Paul P., Jr. (co-author): Molds of allergenic significance in the Puget Sound area, 1399

Visualization of the fate of injections of water-in-oil emulsions by means of radiopaque media. II (E. A. Brown, T. G. Metcalf, and L. W. Slanetz), 1016

W

Water-in-oil emulsions: Visualization of the fate of injections of, by means of radiopaque media. II (E. A. Brown, T. G. Metcalf, and L. W. Slanetz), 1016

Weichlein, Russell, Gross, Arthur L., and Bieberdorf, Frederick W.: Free amino acid content of pollen, 867

Weiner, A.: Bronchial asthma due to the organic phosphate insecticides, 397

Whittaker, Charles (co-author): The correlation between skin and respiratory mucous membrane tests with molds in allergic rhinitis, 1407

Z

Zolov, Benjamin: Clinical evaluation of cinnarizine (mitronal®) in various allergic disorders, 1290

Zucker, Albert: Investigation of atopic dermatitis in children with special reference to mold allergy, 1170

Zussman, Bernard M.: Comparison of higher dosage levels used in the co-seasonal treatment of pollinosis, 280

BASIC BRIEFS

Allergies of the genito-urinary tract (Norborne B. Powell), 1019

Miscellaneous inhalants (Homer E. Prince), 1314

Patch testing (William C. Grater), 766

Psycho-physiologic approach in the management of the allergic patient, The (Bennett Kraft and David L. Blumenthal), 897

INDEX TO VOLUME 19

BOOK REVIEWS

Allergie und Allergische Erkrankungen (E. Rajka), 105
Chemistry of Immunity in Health and Disease, The (D. W. Talmage and John R. Cann), 440
Der Schnupfen (In German) (Prof. Eigler and D. Findeisen, Editors), 548
Experimental Researches on Hay Fever (Charles H. Blackley), 331
Fixed Eruption, The (Ashton Welsh), 1341
Help for your Headaches (Percy Brazil and William H. Green), 331
How to Master Your Allergy (Harry Swartz), 936
Local Freezing of the Skin by Carbon Dioxide Snow (Holger Brodthagen), 1341
Manual of Cutaneous Medicine (Donald M. Pillsbury, Walter B. Shelley and Albert M. Kligman), 936
Medical Almanac, 1961-62 (compiled by Peter S. Nagan), 809
Office Assistant in Medical Practice, The (Portia M. Frederick and Carol Towner), 808
Pharmacology. The Nature, Action and Use of Drugs (Harry Beckman), 547
Year Book of Drug Therapy (Harry Beckman, Editor), 439

EDITORIALS

Snakebites, 802 (AJW)
Underprivileged child, The—Where are we in pediatric allergy? (Howard G. Rapaport), 1196
With what we must contend, 196

HISTORICAL

Bronchial asthma and allied conditions—clinical and immunological observations (Nils P. Larsen et al), 771
Case of hypersensitiveness to cow's milk (Edwards A. Park), 1188
Climatic treatment of bronchial asthma, The (Frederick I. Knight), 678
Diagrammatic scheme of an asthmatic paroxysm (Horace Dobell), 541
Hay fever, its prevention and cure (W. P. Dunbar), 1026
Paroxysmal sneezing (W. Scott Renner), 903
Rose cold (Sir Morell MacKenzie), 298
Studies in anaphylaxis. V. Desensitization: Its theoretical and practical significance (Richard Weil), 1423
Studies in specific hypersensitiveness (Aaron Brown), 172
Studies of the sensitization of patients with bronchial asthma to the various pollens. Study XI (I. Chandler Walker), 77

IN MEMORIAM

Gutmann, M. J., 1340
Nelson, Tell, 329

PRESIDENT'S PAGE

President's letter, 800

INDEX TO VOLUME 19

PROGRESS IN ALLERGY

Human ecology and susceptibility to the chemical environment (Theron G. Randolph), 518, 657, 779, 908

Microbial allergy. A critical review, 1950-1960 (Hermann Blatt), 1037, 1198, 1318, 1434

Pediatric allergy (Sheldon C. Siegel and Bailey J. Lovin, Jr.), 81, 196, 305, 404

REVIEW . . .

ABSTRACTS—of articles from more than 600 journals

ARTICLES—on latest treatment methods—opsiphylactic, enapothetic . . .

BIBLIOGRAPHY—800-1000 titles in each issue

PROGRESS REVIEWS
